Home Page

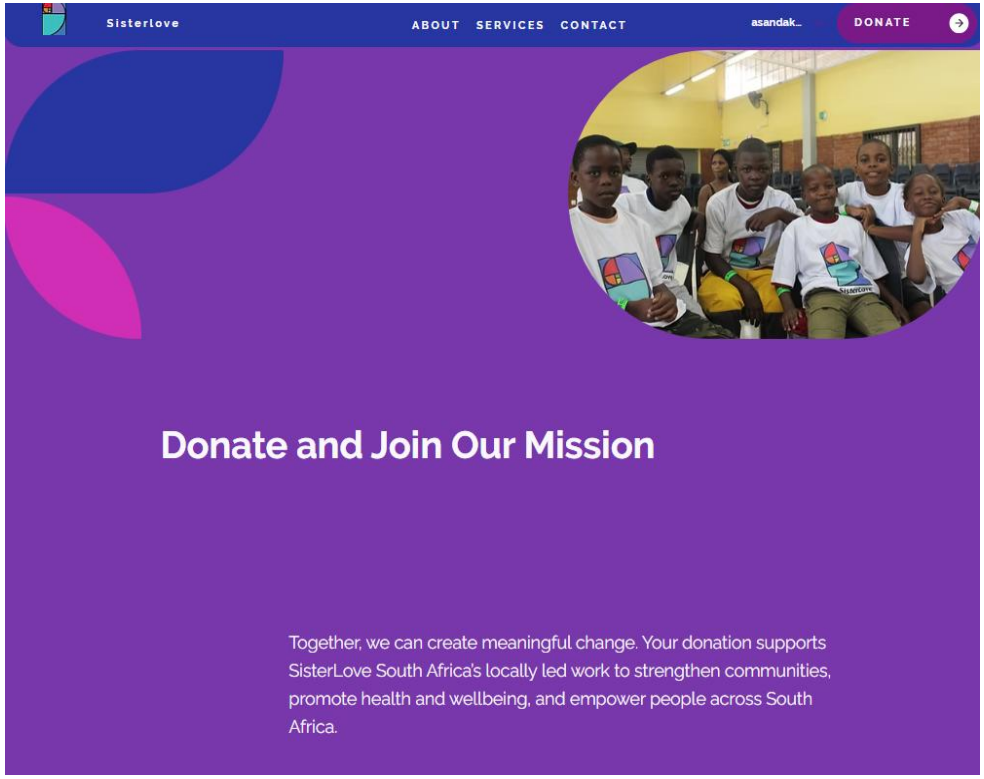

This hero section is the first impression of SisterLove South Africa. It communicates our purpose of supporting women and girls impacted by abuse, while guiding visitors toward immediate help. With a tone of compassion and safety, it fosters trust and a sense of community.

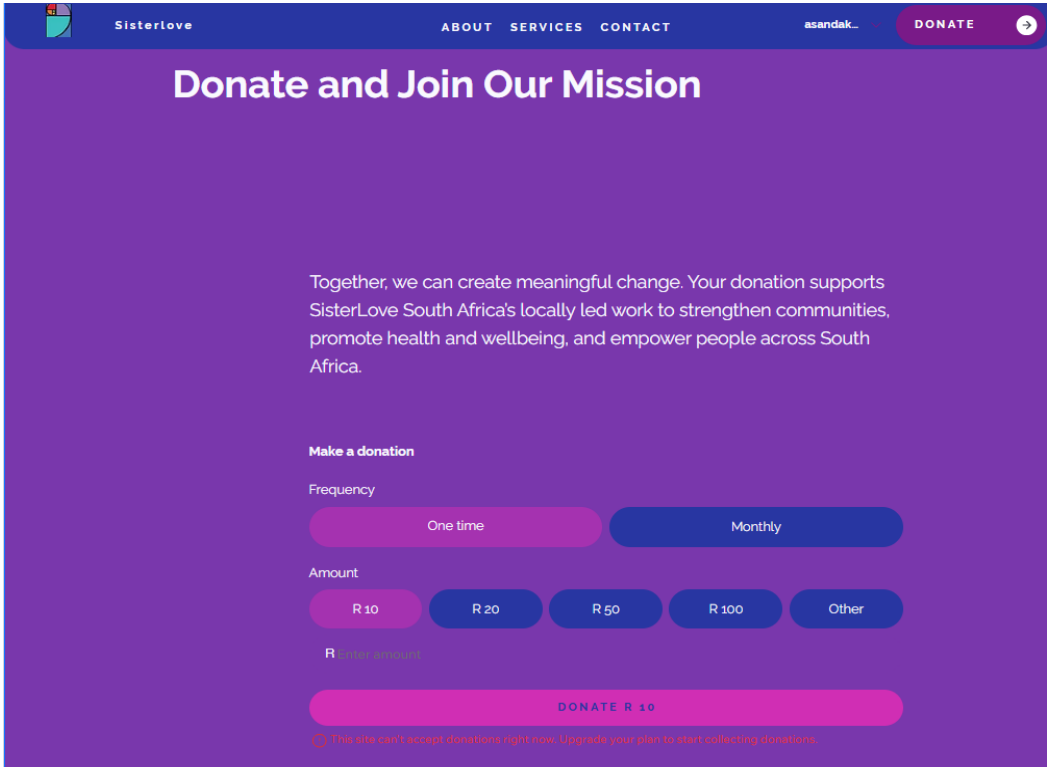

About Us

Communicates SisterLove South Africa's identity, mission, and vision through a structured three-column format. It emphasizes the organisation's South African and community-based foundation, articulates the mission to end HIV and uphold reproductive health rights, and presents an inclusive vision centered on dignity. The page plays a critical role in establishing credibility with stakeholders, funders, partners, and beneficiary communities.

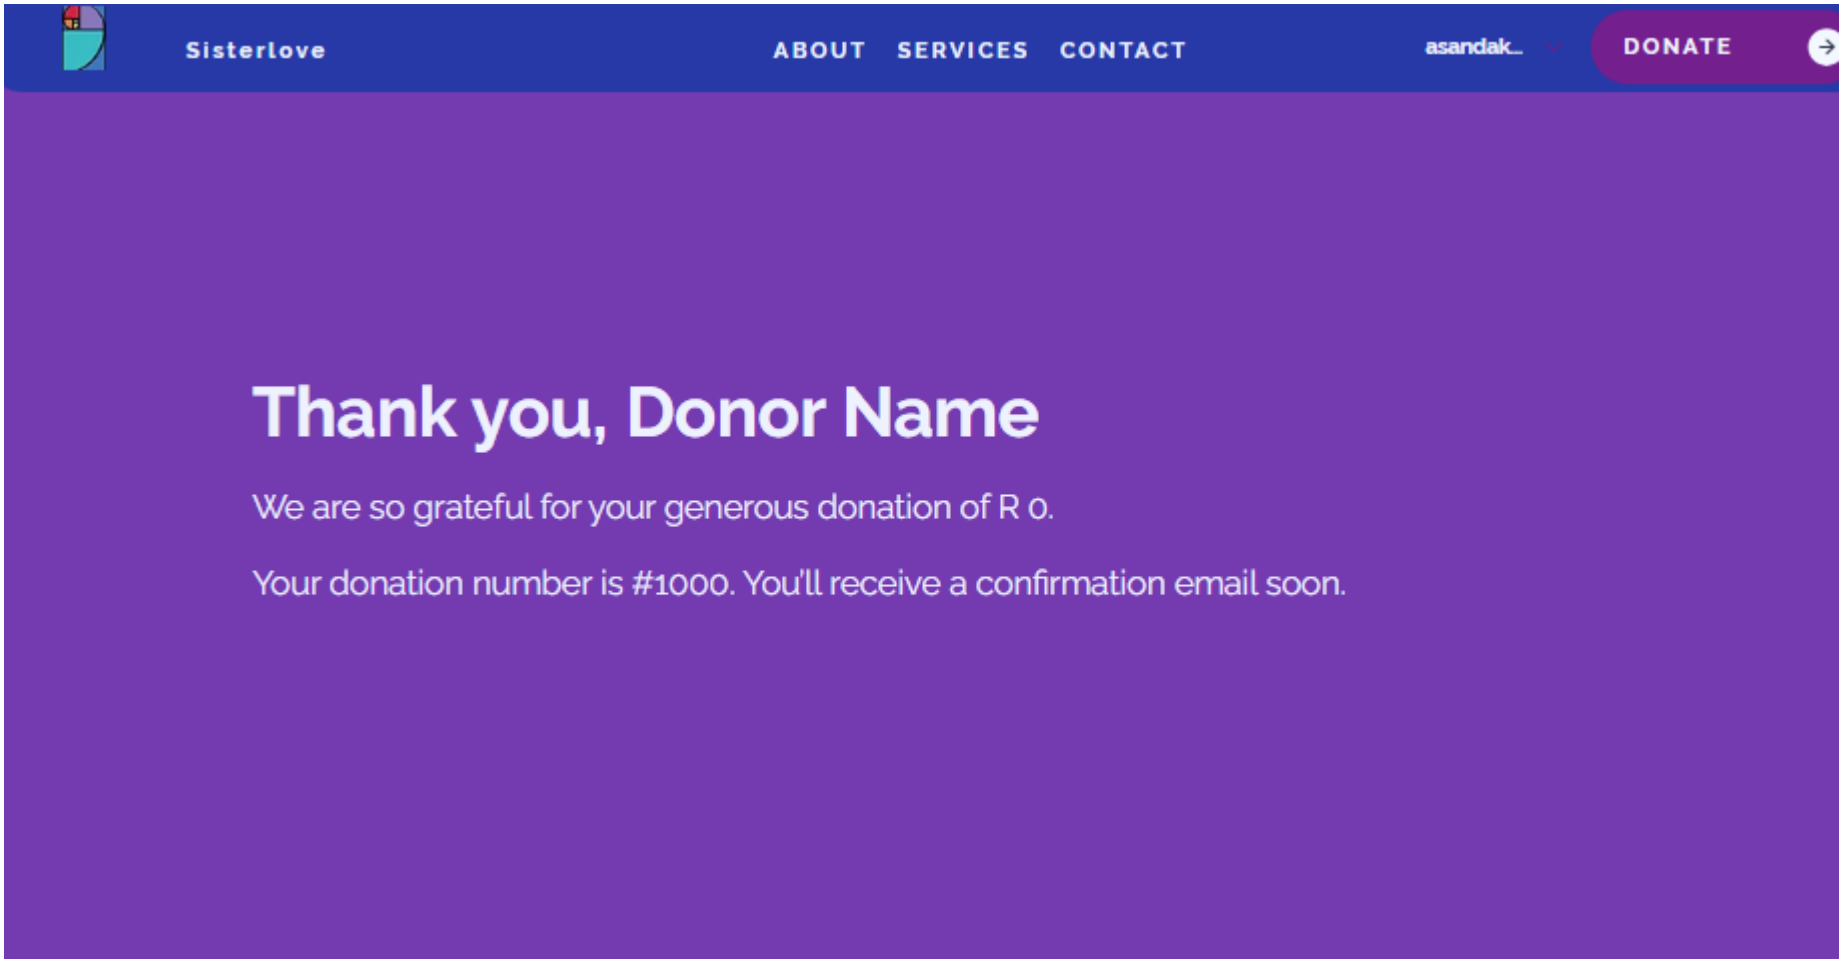

Donate

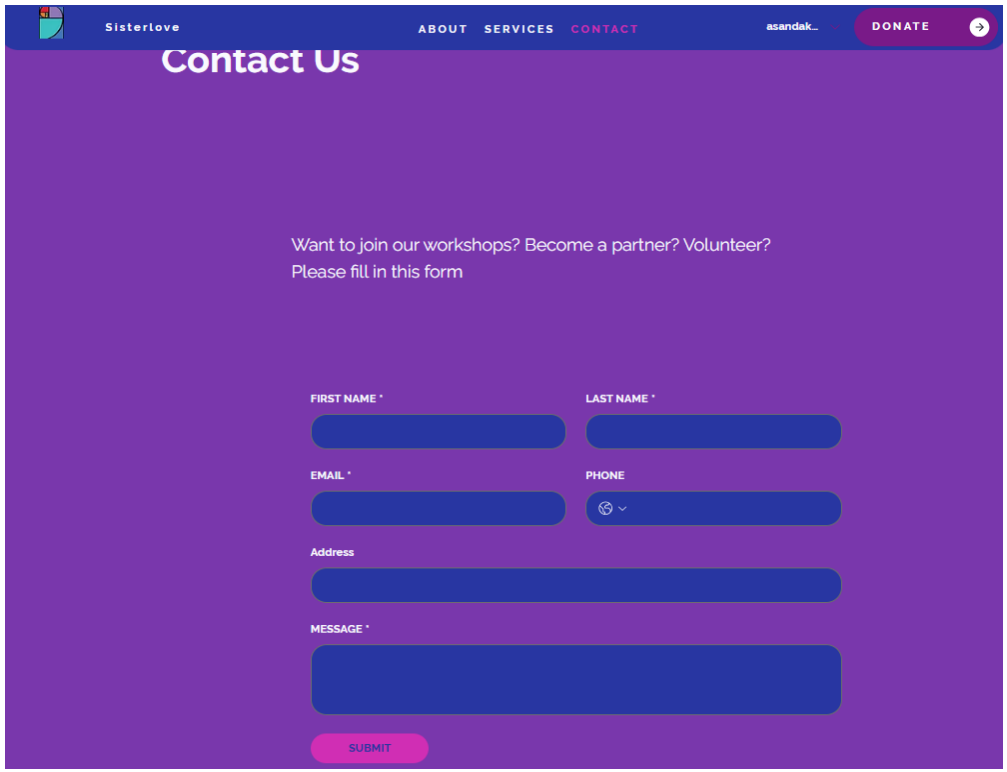

Serves as a primary conversion point for fundraising. It articulates the impact of contributions, provides a user-friendly interface with preset amounts, and offers both one-time and recurring donation options. The design prioritizes clarity, trust, and a strong call to action. For the prototype phase, payment gateway integration will be represented as a placeholder, with the complete donation user flow developed for usability testing.

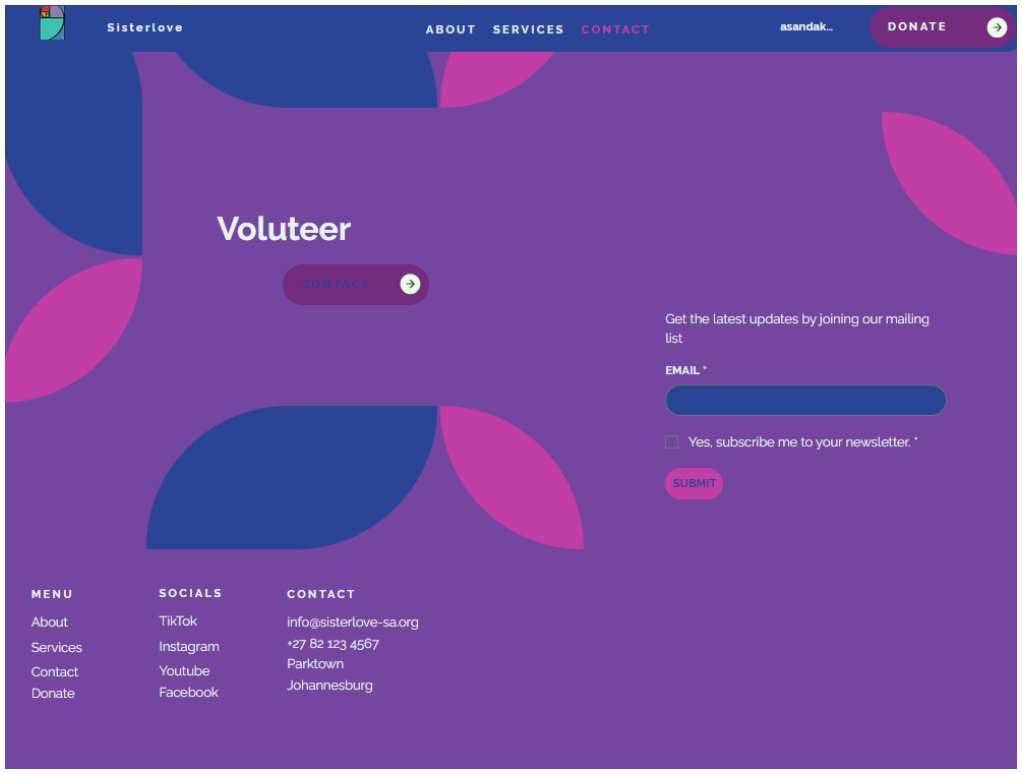

Thank You

Serves as a critical user experience touchpoint that acknowledges successful donations and expresses appreciation to supporters. It delivers a positive, personalized experience through tailored messaging, a transaction reference number, and automated email confirmation. This page strengthens donor loyalty and promotes ongoing engagement. For the prototype phase, it will be accessible from the Donate Page and display dynamic content

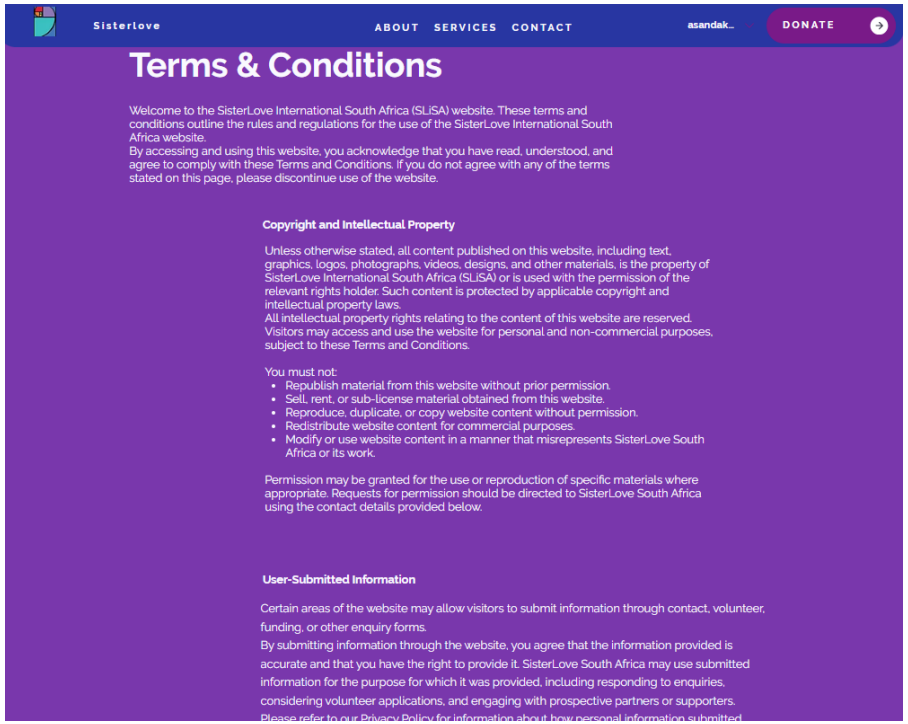

Contact Us/ More Information

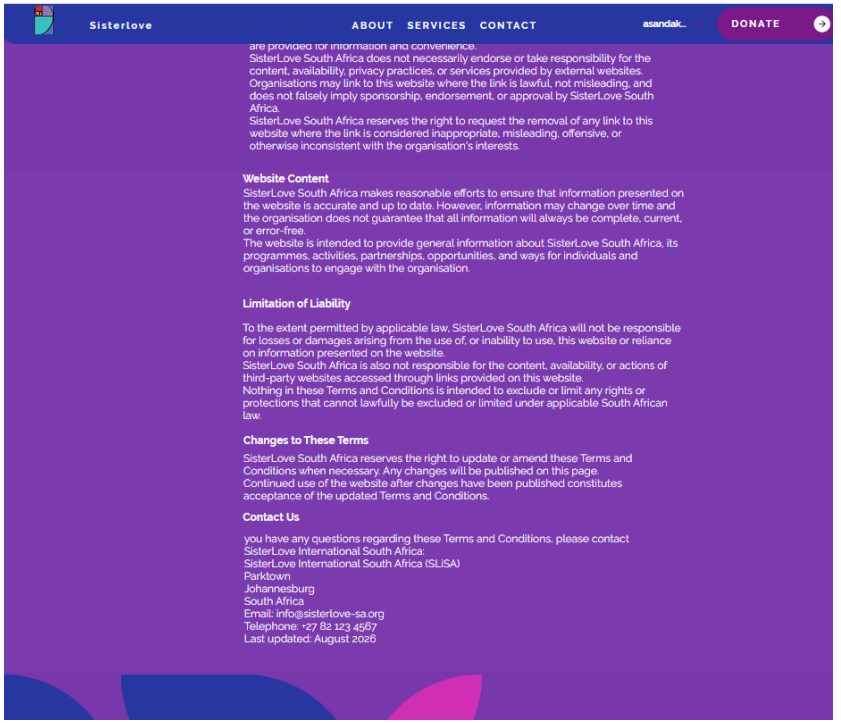

Functions as the primary communication channel for SisterLove South Africa. It supports engagement from individuals seeking to join workshops, form partnerships, volunteer, or make general inquiries. The page includes a clean, accessible contact form with both required and optional fields and a clear call-to-action. The navigation bar provides access to key sections - About, Services, Donate - while the user profile icon indicates authentication status. The design prioritizes mobile responsiveness, accessibility, and trust to drive form completion.

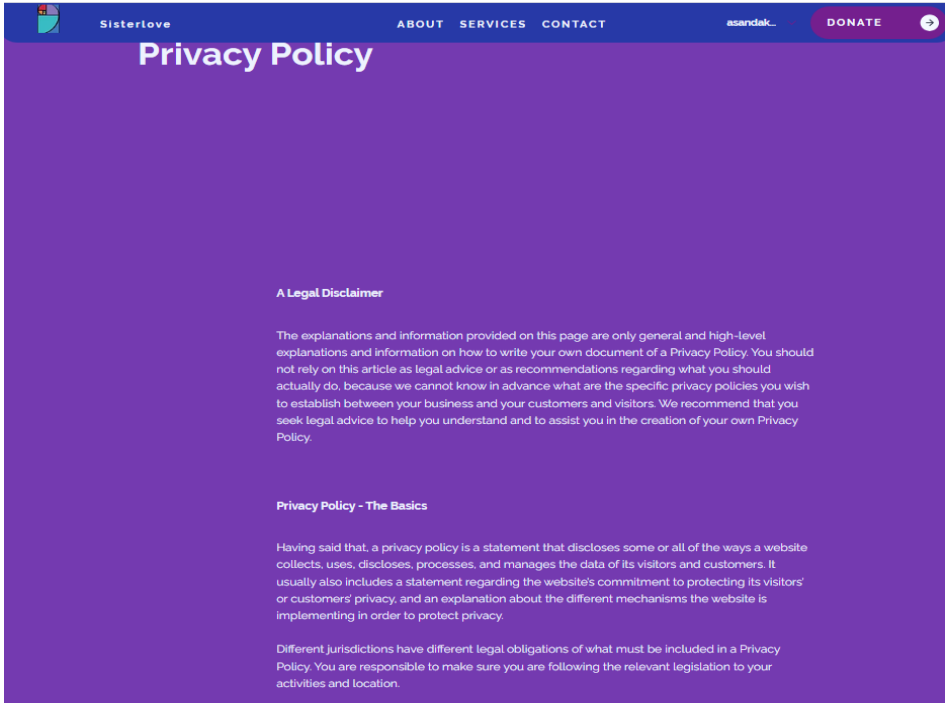

Terms & Conditions

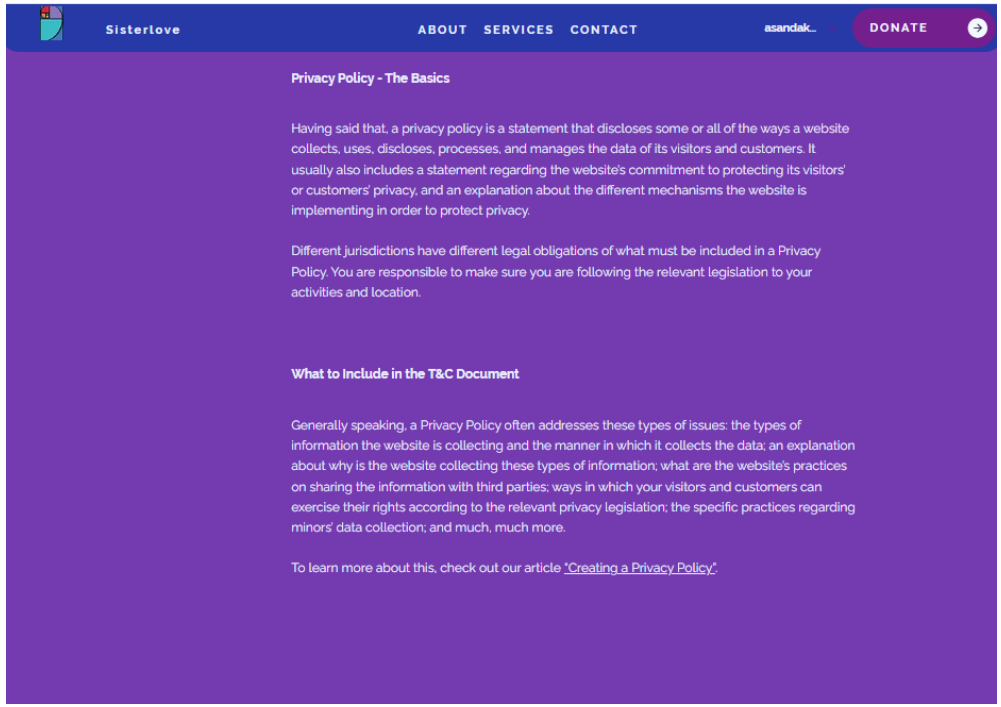

A legal requirement that protects SisterLove South Africa's intellectual property and establishes usage guidelines for website visitors. It governs the relationship between SLiSA and users by addressing copyright, prohibited actions, permission requests, and the handling of user-submitted information. The page cross-references the Privacy Policy to provide a comprehensive legal framework. It should be prominently linked in the footer and referenced on all pages that collect user data.

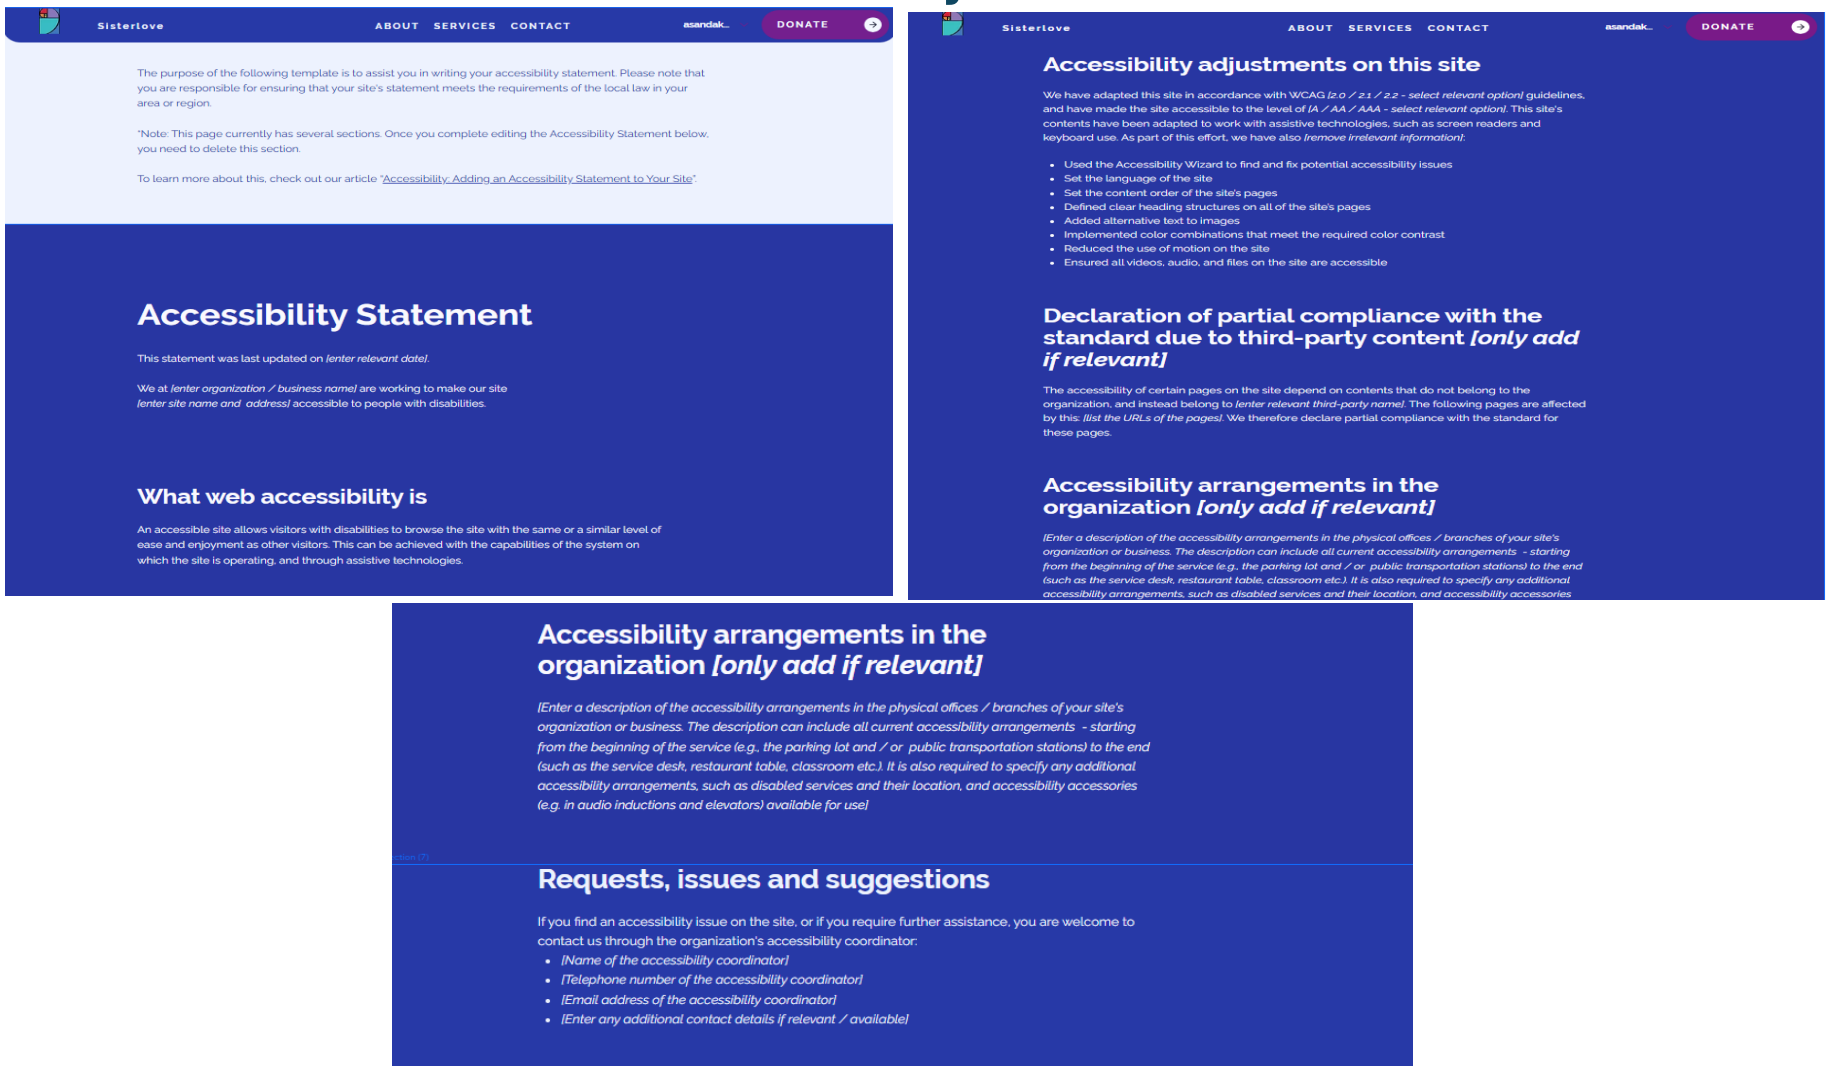

Privacy Policy

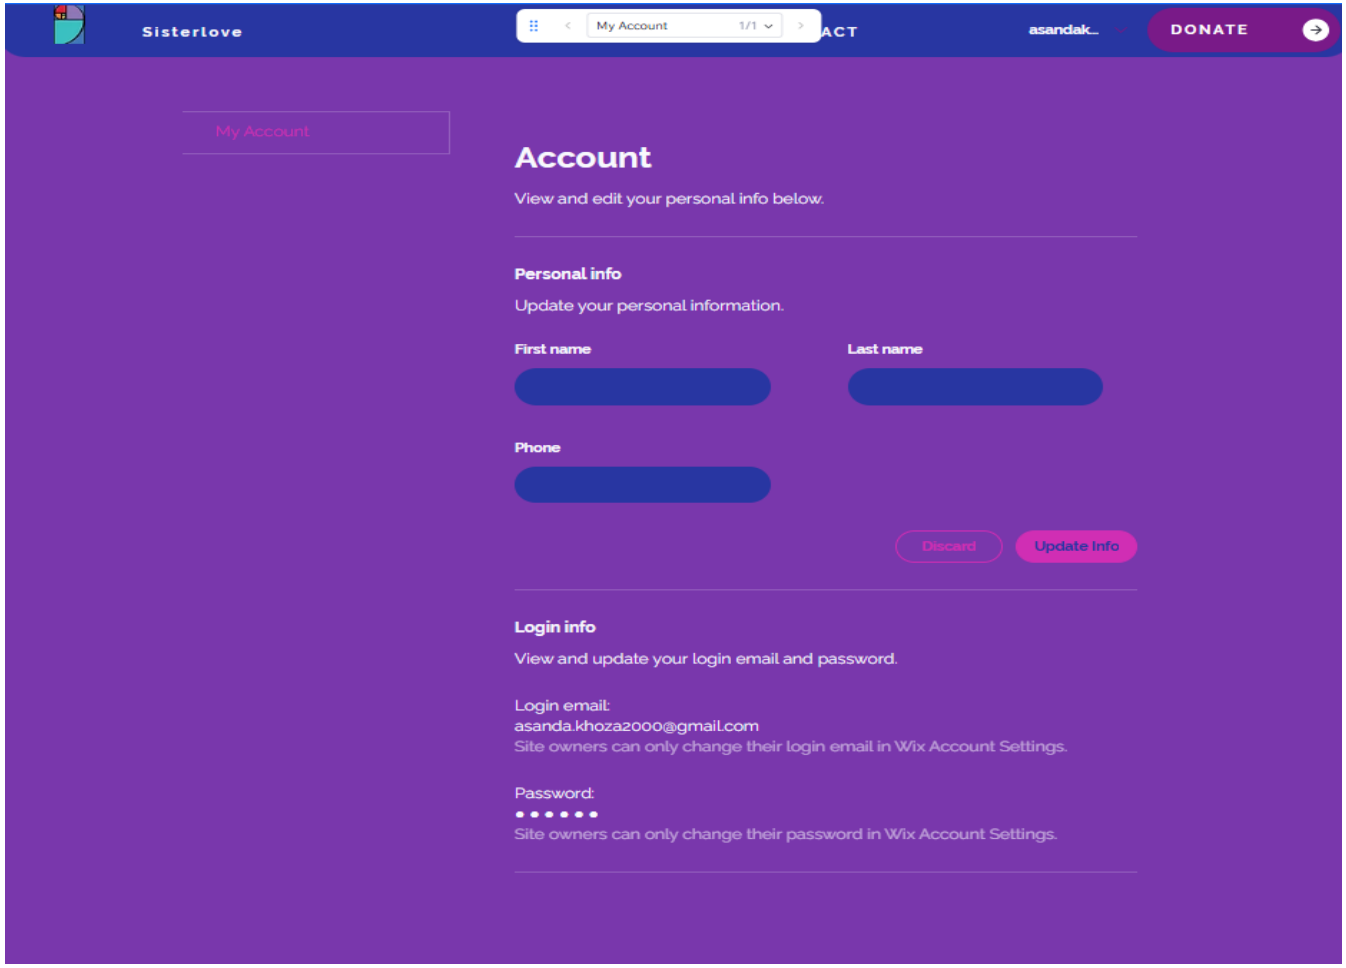

A legal requirement for the SisterLove South Africa website. The current version functions as a template, providing a general disclaimer and overview. For the production website, the policy will be customized to accurately reflect SLiSA's data collection, processing, and safeguarding practices, in accordance with the Protection of Personal Information Act (POPIA). The page should be accessible via the footer and referenced on all pages that collect user data.

Accessibility Statement

Demonstrates SisterLove SA's commitment to inclusivity and compliance. It communicates the website's accessibility features, the WCAG standards adhered to, and any limitations related to third-party content. The statement also covers physical accessibility provisions where applicable. This page reinforces trust with all users and is aligned with the organisation's values of dignity, community leadership, and love in action.

Members

This My Account Page puts control in the hands of SisterLove SA users. After logging in, users can update their name and phone number, while email and password remain view-only and are managed via Wix Account Settings. Basic actions like Discard and Update Info make edits easy. The page is important for building trust, enabling users to manage their own details, and ensuring we have accurate information to stay in touch.
